2<sup>nd</sup> Assignment  
Due:

Housekeeping:

1. I will grade only those papers submitted to Moodle with the correct file name. The rest will receive an F. The correct file name will be demonstrated in class, as it was for the first paper.
2. Give your paper a thoughtful title that enables your reader to anticipate the paper s/he's about to read.
3. I'm not a high-school-teacher, and I'm not a copy-editor. **You** fix all the low-level mistakes before you show your paper to me. After three sloppy errors, i.e. errors you could have and should have fixed yourself, I will stop reading and grade your paper either D (the third sloppy error occurs in the final paragraph of your paper), D- (the third sloppy error occurs near the end of your paper), or F (the third sloppy error occurs well before the end of your paper).
4. Use a systematic reference style (e.g. MLA, APA, etc.)

Now then:

5. Suggested topics: C & C of any two things
  - a. C & C of the course novels (including any parts thereof)
  - b. C & C two things (likely two characters, themes, etc.) in only one of the novels
  - c. C & C of one of the novels and something other than the other novel
  - d. C & C with either and our own time & place
  - e. Other topics may be added as people suggest them, if the majority of the class votes thumbs up
6. The use of AI is okay in small pieces, provided it is cited.
7. Suggestions for things you'd like me to check, or for more possible topics?
